

REMARKS

Applicant has reviewed the preliminary Office action of November 23, 2007, wherein the Examiner requested restriction of the invention based on an alleged lack of unity of invention. In response, Applicant elects Species 1 covering claims 1-4, 15-27 and 32-34 without traverse. Accordingly, claims 28-31 and 35 are hereby withdrawn from consideration at the present time.

As it is believed that this response addresses all issues raised in the Office action in accordance with 37 C.F.R. Section 1.111(a), prompt examination of the elected species is respectfully requested.

Respectfully submitted,
